

## Suggested Applications (Apps) For Students With An Apple Product

Please use links (where shown) as it is important to purchase the correct app. Many apps have the same name but may not be as good as the prescribed one.

If you have any apps you think are useful, please let your teacher know.

### Apps you must have for most of your subjects:

- Word processor: Pages (\$13.99)
- Presentation Software (similar to Power Point): Keynote (\$13.99)
- Student diary / organisation: InClass (free)
- For moving files onto your iPad: DropBox (free) for accessing files from your computer via iPad
- Email (already installed) for moving files off iPad. Students will need their own email address and the email client configured to send and receive their emails.

### Note Taking In Class

There are many options for this - some free, some with a small cost. Here are a few to look at:
